specialization) Educational and scientific program: Social Work Specialty: 231 Social
Work (full-time and part-time forms of study)

Uman - 2023

EXPLANATORY NOTE

The Entrance Examination Program "Social Work and Social-Legal Protection" (Degree: Doctor of Philosophy, Educational and Scientific Program: Social Work, Specialty: 231 Social Work) has been developed by the working group of the Department of Social Pedagogy and Social Work at Pavlo Tychyna Uman State Pedagogical University. The program is designed in accordance with Appendix 11 "Admission Rules for Higher Education in Postgraduate and Doctoral Studies at Pavlo Tychyna Uman State Pedagogical University in 2023" (approved by the decision of the Academic Council of Uman State Pedagogical University, Protocol No. 14 dated April 25, 2023). According to section III of the Higher Education Standard of the third (educational and scientific) level, the degree of Doctor of Philosophy in the field of knowledge 23 Social Work, Specialty 231 Social Work (approved by the order of the Ministry of Education and Science of Ukraine No. 1495 dated December 30, 2021), the program includes an assessment of the acquisition of competencies and learning outcomes defined by the higher education standard for the specialty 231 Social Work at the second (master's) level of higher education. The program is developed taking into account the specific features of the educational and scientific program "Social Work" of the third (educational and scientific) level of higher education (2023). The main purpose of the entrance examination in Social Work and Social-Legal Protection (Field of Knowledge: 23 Social Work, Specialty: 231 Social Work, Third (educational and scientific) level) is to assess the knowledge and skills of applicants. The applicant should know:

- contemporary theories, methodologies, and methods of social and other sciences, including methods of mathematical statistics and quantitative sociological methods, relevant to fundamental and applied research in the field of social work;
- methods of diagnosing, forecasting, designing, and modeling social situations;
- methods and technologies of innovative practice and management in the field of social work;
- norms of communication with representatives of other professional groups at different levels (experts from other fields/types of economic activity);
- methods of interaction between state, public, and commercial organizations based on social partnership;
- criteria for evaluating the social consequences of human rights, social inclusion, and sustainable development policies;
- foundations of effective organization management in the field of social work;
- regulatory and sub-legal acts related to the protection of citizens' rights.

- the legislative framework for social and legal protection of human rights in Ukraine;
- directions of social activities in the field of social and legal protection of individuals;
- the main methodological principles of social and legal work of a social worker;
- specific features of the activities of social protection institutions for different population groups;
- structure and organizational and legal forms of human rights protection in social security and social protection;
- ethical principles, standards, and values of social work.

The applicant should be able to:

- solve complex problems that require updating and integrating knowledge in conditions of incomplete/insufficient information and conflicting requirements;
- critically evaluate the results of scientific research and various sources of knowledge on social work practices, formulate conclusions and recommendations for their implementation;
- use foreign sources in performing tasks of research and applied activities, express oneself in a foreign language both orally and in writing;
- analyze the social and individual context of problems faced by individuals, families, social groups, communities, formulate the purpose and objectives of social work, plan interventions in complex and unpredictable circumstances according to the values of social work;
- evaluate the social consequences of human rights, social inclusion, and sustainable development policies, develop recommendations for improving the normative and legal framework of social work;
- demonstrate initiative, independence, originality, generate new ideas for solving professional tasks;
- determine the methodology of applied scientific research and apply methods of quantitative and qualitative analysis of results, including methods of mathematical statistics;
- demonstrate a positive attitude towards their own profession and behave in accordance with ethical principles and standards of social work;
- analyze and interpret the content of legal acts regarding the protection of individual rights;
- use basic documents related to legal protection;
- interpret legal acts in favor of the rights and interests of citizens.

The policy of the entrance examination involves adhering to the principles of academic integrity as defined by the Code of Academic Integrity of Pavlo Tychyna Uman State Pedagogical University.

ASSESSMENT CRITERIA

of applicants' knowledge and skills

Level Points Description of oral responses

Did not pass 0 – 99 The applicant provides isolated pieces of information but does not fully understand the content of the study material; lacks the necessary knowledge and skills.

Passed Initial 100 – 104 The applicant demonstrates superficial knowledge and understanding of the main concepts in the academic discipline, while making significant errors in presenting the material, indicating insufficient depth of theoretical understanding; possesses reproductive-level knowledge and demonstrates initial skills; makes significant errors in verbal expression.

105 – 109 The applicant demonstrates superficial knowledge and understanding of the main concepts in the academic discipline but makes some errors in presenting the material, indicating insufficient depth of theoretical understanding; possesses reproductive-level knowledge and demonstrates initial skills; makes errors in verbal expression.

110 – 119 The applicant demonstrates superficial knowledge and understanding of the main concepts in the academic discipline but makes occasional errors in presenting the material; possesses reproductive-level knowledge and demonstrates initial skills; makes minor errors in verbal expression.

Average

120 – 129 The applicant demonstrates knowledge and understanding of the main concepts in the academic discipline but makes significant errors in presenting the material, indicating insufficient depth of theoretical understanding; possesses reproductive-level knowledge, partially answers questions, demonstrates initial skills; makes significant errors in verbal expression.

130 – 139 The applicant demonstrates knowledge and understanding of the main concepts in the academic discipline but makes significant errors in presenting the material, indicating insufficient depth of theoretical understanding; possesses reproductive-level knowledge, partially answers questions, demonstrates initial skills; makes errors in verbal expression.

140 – 149 The applicant demonstrates knowledge and understanding of the main concepts in the academic discipline but makes some errors in presenting the material; possesses reproductive-level knowledge, partially answers questions, demonstrates initial skills; makes minor errors in verbal expression.

150 – 159 The applicant demonstrates sufficient knowledge and understanding of the main concepts in the academic discipline but makes some self-corrected errors; there are occasional shortcomings in the coherence of presenting the material and minor deviations from literary language norms. The applicant can compare and generalize the learned material.

160 – 169 The applicant demonstrates sufficient knowledge and understanding of the main concepts in the academic discipline but makes some self-corrected errors; there are occasional shortcomings in the coherence of presenting the material and minor deviations from literary language norms. The applicant can compare and generalize the learned material and draw their own conclusions.

170 – 179 The applicant demonstrates sufficient knowledge and understanding of the main concepts in the academic discipline but makes some self-corrected errors; there are occasional shortcomings in the coherence of presenting the material and minor deviations from literary language norms. The applicant can compare and generalize the learned material, draw their own conclusions, and demonstrates some heuristic interest.

High

180 – 189 The applicant thoroughly and comprehensively presents the educational and scientific material, possesses research methods, can distinguish between theoretical and factual aspects in the material; demonstrates a complete understanding of the material, is familiar with theoretical approaches and concepts, logically and sequentially substantiates their ideas; deeply reveals the essence of the question, applies theoretical knowledge to analyze social phenomena, provides examples of sociological research.

190 – 199 The applicant thoroughly and comprehensively presents the educational and scientific material, possesses research methods, can distinguish between theoretical and factual aspects in the material; demonstrates a complete understanding of the material, is familiar with theoretical approaches and concepts, logically and sequentially

substantiates their ideas; deeply reveals the essence of the question, applies theoretical knowledge to analyze social phenomena, provides examples of research and personal experience in social work.

200 The applicant thoroughly, completely, and sequentially presents the educational and scientific material, possesses research methods, can distinguish between theoretical and factual aspects in the material; demonstrates a complete understanding of the material, is familiar with theoretical approaches and concepts, logically and sequentially substantiates their ideas; deeply reveals the essence of the question, applies theoretical knowledge to analyze social phenomena, provides examples of research and personal experience in social work.

ASSESSMENT STRUCTURE

The exam questions are assessed on a scale of 0 to 200 points. The overall score for the entrance examination is determined as the arithmetic mean of the scores for each question divided by the number of questions on the exam.

PROGRAM CONTENT

THEORY AND METHODS OF SOCIAL WORK

Topic 1. Social work as the interconnection of theory and practice The essence of social work in Ukraine, its social significance, and peculiarities. The concept of "theory of social work," objects, and subjects of social work. Classification of social work institutions in Ukraine. Functions and principles of social work.
